MAMBOLED 2.0

MAMBOLED

The MAMBOLED 2.0 lamp, with its modern design and multiple settings, is perfect for any type of desk. It reduces visual stress during prolonged use, making it ideal for working, reading or studying at home or in the office. What's more, it offers a pleasant light thanks to technology that protects your eyes: latest-generation LEDs, protected by opaque plastic to prevent flickering or glare.

MAMBOLED 2.0

- **Adjustment:** large range and flexibility of adjustment thanks to its double arm and triple joint, offering great freedom of movement.
- **Modern design:** its ultra-modern look, with a matt black or metallic grey finish, makes it the perfect lamp for any office.
- **Stability:** its 1.5 kg weighted base ensures the lamp remains perfectly stable on your desk.
- **Versatile:** MAMBOLED 2.0 can be fixed to a base or clamped (max. spacing 4 cm) to adapt to all uses.
- **Light intensity and color temperature variation:** a push-button on the head lets you vary the color temperature and adjust the intensity (4 levels). Whether you're relaxing, reading or working, this lamp is perfect for all your activities.
- **Low visual stress :** after prolonged use, the MAMBOLED 2.0 lamp prevents eye fatigue.

Warranty: 2 years
 Max height: 75 cm/ minimum height: 30 cm
 Materials: epoxy painted steel base/arm and ABS plastic head

ENVIRONMENT

UNILUX focuses on sustainable development and takes concrete measures to reduce its environmental footprint and best meet the evolving expectations of its consumers.

We are notably committed to reduce our greenhouse gas emissions by 29% between 2021 and 2030 in response to the "Net Zero Carbon Emissions by 2050" challenge. Eco-design, emissions reduction and continuous improvement are at the core of our concerns.

OUR EXPERTISE

Task lighting

In the office, we are often exposed to constant artificial lighting. Poor lighting quality can lead to headaches, sleep disturbances, and decreased concentration. According to a recent study, only 34% of workspaces achieve the recommended illuminance level of 500 lux by Occupational Medicine, in accordance with DIN EN 12464-1* standard. Task lighting is frequently used to provide additional brightness when the primary lighting is insufficient.

* Standard setting the limits that workplace lighting must adhere to.

Our tips to light up your workspace :

- Position your desk near windows to benefit from natural daylight and reduce eye fatigue.
- Ensure that the lamp head is positioned at least 35 cm above the work surface.
- Place the lamp on the opposite side of the hand that holds the mouse or writes.
- Position the lamp for easy adjustment.
- Ensure that your lamp is placed to avoid glare on screens and prevent direct glare in your field of vision.

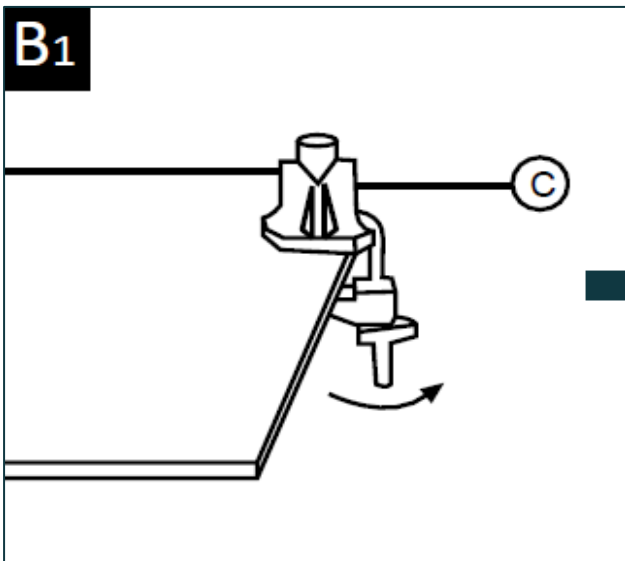

ABOUT UNILUX

Founded in 1952, UNILUX is a French company specializing in lighting and ergonomics. Over the past 25 years, UNILUX has become a benchmark in the field of lighting in France and throughout Europe. In 2000, UNILUX joined the French group HAMELIN, a European leader in stationery. The company modernizes and evolves to become a creator of ambiance and well-being.
