

UNILUX

HELLO

Why the range

1-Ecology: a strategic challenge for the HAMELIN group

Ecology is the next big challenge for the HAMELIN group. Following its recent environmental assessment to measure its carbon footprint. HAMELIN has decided to embark on a 10 year plan to reduce its carbon emissions by 15%. To achieve this, OXFORD has developed new eco-friendly ranges based on the recovery and recycling of materials such as cardboard, coffee cups and fishing nets.

TOUAREG

Collection OXFORD:
REC'UP

Collection OXFORD:
OCEANIS

2- PET

Every year **1.5 million animals** are killed by plastic in the oceans and **89 billion plastic water bottles** are sold every year. One felt panel contains 135 half-litre PET bottles or 102 plastic bottles. In other words, we are constantly extracting 102 to 135 bottles from the ocean per felt panel. Recycling our waste has become essential.

*<https://drisag.be/fr/blog/feutre-recycle-une-nouvelle-vie-pour-les-bouteilles-en-plastique/>

1- ECOLOGICAL

The manufacturing process and the nature of the fibres guarantee a very low level of VOC emissions, thus helping to preserve our environment. Our PET is made up of

50% recycled PET and 50% recyclable PET.

2- ACOUSTICS

3- THERMAL

Our PET absorbs heat and releases it when the temperature drops, thus contributing to a better

**thermal inertia
and air quality**

- **Legibility:** a dimension of 40 cm for maximum legibility up to 35 m thanks to the large sizes of its numbers.
- **Ergonomics:** thanks to its silent system, the second hand does not emit any noise creating a framework conducive to concentration for work.
- **Accuracy:** High quality quartz system allows reliability of a deviation of 1 sec in 6 years of operation.

Operation: powered by a 1.5 V (AA) battery included
 Diameter: 40 cm
 Thickness: 1.8 cm
 Quick wall mounting by 1 eyelet
 Warranty: 2 years
 Materials: PET and plastic

SAP no.	400165095
EAN code	3595560034666
Colors	beige
Diameter (cm)	∅ 40 cm
Batterie Included	Yes
Radio controlled	No
Silent movement	Yes
Readability (m)	35 m
Humidity indicator	No
Temperature indicator	No
Date indicator	No
Type of wall mounting	Wall Hook
Net weight: Kg	0,25

OUR CSR COMMITMENTS

Product

■ Recyclable
■ Recycled

1. All our lighting are **100% repairable** thus limiting planned obsolescence.
2. Reduce our carbon footprint through our **ECO-DESIGN THINKING** approach.
3. Contribute to the preservation of the planet's natural resources by promoting the use of **recycled materials**.
4. Optimize our packaging to control our **transport costs**.
5. Highlight the **talent of our employees** by ensuring social equality.

OUR EXPERTISE

A clock is a must-have accessory that fits perfectly into any room in your business:

- individual office
- open space
- meeting room
- Passing places
- lobby

Setting up a clock in a workspace allows employees to avoid checking the time on the smartphone or tablet time and therefore not be tempted to look at their messages or browse the internet by same occasion. Thus a clock allows to gain in concentration and productivity because the employees are less distracted.

For good readability from a distance, it is important to have:

- good contrast between the background of the dial and the color of the numbers (better contrast with white background / black numbers)
- A good height of the figures (about 3cm minimum) and in Arabic characters preferably

OUR CERTIFICATIONS

Unilux is committed to an eco-responsible approach and ensures that its products respect this commitment. Indeed, we are very concerned about current environmental issues and we aspire to respond as best as possible to the concerns of our consumers on this subject. Sustainable development is at the heart of our strategy and we act for the environment. You will find below the different certifications that Unilux has and that prove its environmental commitment.
