

UNILUX

BALTIC

BALTIC is a clock that combines wood and plastic with modernity. Scandinavian design, wooden structure that preserves rust and dents in case of fall.

Its design helps preserve natural resources for future generations. Eco-responsible approach!

The second hand makes no noise.

- **Scandinavian design:** sober and timeless, the wood sublimates both large interiors such as reception halls and smaller contemporary spaces.
- **Readability:** a dimension of 31.5 cm for maximum readability up to 35 m thanks to its contrast of large numbers.
- **Ergonomics:** thanks to its quiet system, the second hand emits no noise creating a framework conducive to concentration for work.
- **Precision:** Quartz system of high quality allows reliability of a gap of 1 sec in 6 years of operation.
- **Complementary products:** clock perfectly coordinated with the VICKY lamp, PRYSKA floor lamp, ACCESS coat rack and the ERGO WELL electrical desk.

Operation: Powered by a 1.5 V (AA) battery supplied
 Diameter: 31.5 cm
 Thickness: 5 cm
 Average consumption: 0,21 Am
 Quick wall fixing with 1 eyelet
 Warranty: 2 years
 Materials: beech wood frame * / flat mineral glass lid

OUR CSR COMMITMENTS

1. All our lighting are **100% repairable** thus limiting planned obsolescence.
2. Reduce our carbon footprint through our **ECO-DESIGN THINKING** approach.
3. Contribute to the preservation of the planet's natural resources by promoting the use of **recycled materials**.
4. Optimize our packaging to control our **transport costs**. 65%
5. Highlight the **talent of our employees** by ensuring social equality.

OUR EXPERTISE

A clock is a must-have accessory that fits perfectly into any room in your business:

- individual office
- open space
 - meeting room
 - Passing places
 - lobby

Setting up a clock in a workspace allows employees to avoid checking the time on the smartphone or tablet time and therefore not be tempted to look at their messages or browse the internet by same occasion. Thus a clock allows to gain in concentration and productivity because the employees are less distracted.

For good readability from a distance, it is important to have:

- good contrast between the background of the dial and the color of the numbers (better contrast with white background / black numbers)
- A good height of the figures (about 3cm minimum) and in Arabic characters preferably

OUR CERTIFICATIONS

Unilux is committed to an eco-responsible approach and ensures that its products respect this commitment. Indeed, we are very concerned about current environmental issues and we aspire to respond as best as possible to the concerns of our consumers on this subject. Sustainable development is at the heart of our strategy and we act for the environment. You will find below the different certifications that Unilux has and that prove its environmental commitment.

UNILUX

30 products available on pCon Planner

You will be able to obtain data on many UNILUX or OFML standard products and integrate them quickly and easily into 3D space layouts via pCon.
