

UNILUX

AMBIANCE 2.0

AMBIANCE 2.0

AMBIANCE 2.0 is a floor lamp with fabric lampshade. It diffuses a nice light to brighten up reception halls or offices.

AMBIANCE 2.0

- **Ideal for reception and reception areas:** put a touch of color while creating a cozy lighting atmosphere.
- **Sober design:** the thinness of its mast and the conical shape of its lampshade gives this table lamp a timeless design.
- **Soft light:** the lampshade is made of heat-resistant fabric that is easy to clean, the light is pleasant for the eyes.
- **Energetically efficient:** comes with an 11W E27 bulb, this floor lamp consumes 75% less energy than incandescent lighting and 35% less energy than fluorescent lighting for the same level of brightness.
- **Available in 5 colours:** blue, white, red, orange and green. Put a touch of color.
- **ON/OFF switch:** easy access on the cord.

Warranty: 2 years
 Height: 155 cm
 Materials: metal base and arm with epoxy paint / fabric lampshade.

End user replaceable light source (LED only)

Characteristics

OUR EXPERTISE

1- Floor lamp with lampshade: A complementary decorative accent light!

Because they're so easy to install and so decorative, indirect-lighting floor lamps are a firm favourite with the French! This floor lamp is ideal for illuminating a specific area of a room, or for adding a small, original decorative touch that will change the whole atmosphere of the room.

Thanks to its upward-directed light, which will reverberate off the ceiling, this floor lamp generally acts as a secondary or ambient light, providing you with high quality, high-performance lighting. It blends in perfectly with any room in your business:

- individual office
- open space
- meeting rooms
- high-traffic areas such as reception halls

Lighting according to DIN EN 12464-1 * for the office

- **300 Lux:** deposit, copy, circulation areas
- **500 Lux:** writing, reading, data processing
- **500 Lux:** at the reception and at the counter
- **750 Lux:** technical drawing

OUR CERTIFICATIONS

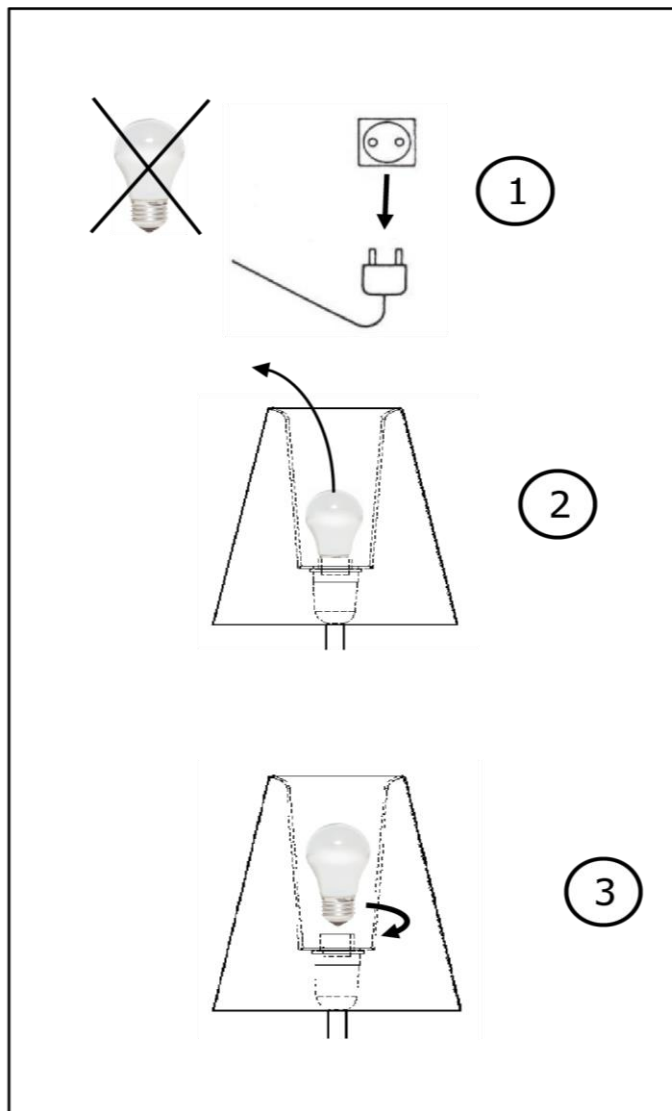

Unilux is committed to an eco-responsible approach and ensures that its products respect this commitment. Indeed, we are very concerned about current environmental issues and we aspire to respond as best as possible to the concerns of our consumers on this subject. Sustainable development is at the heart of our strategy and we act for the environment. You will find below the different certifications that Unilux has and that prove its environmental commitment.

UNILUX

* DIN EN 12464-1 (DIN 5035-1): European standard which determines the lighting requirements for workstations in closed places, these satisfying the needs of comfort and visual performance. DIN EN 12464-1 replaced DIN 5035-1
