

UNILUX

NOVY

Discover NOVY, the flexible lamp with a sleek design and USB ports, for practical and contemporary lighting to suit all your needs.

NOVY

- **Flexibility** : with its 0°/180° rotating head, 0°/90° adjustable arm and 0°/270° rotating base (right and left), this lamp is like a gymnast in the world of light.
- **Settings** : easy to use and quick to access, the touch-slide offers a smooth, practical experience for adjusting light intensity to your preferences in a single gesture.
- **Color temperature variation** : transform the ambience of your room in the blink of an eye by adapting the color temperature to suit your mood or activity.
- **Eco-friendly** : its timer saves energy, perfect for those who forget to turn off the light.
- **Design** : NOVY plays the chic card with its sleek design and elegant curves, making it a real star of the decor.
- **Practical** : no more dilemma between charging your phone or your tablet, with two built-in USB ports for simultaneous charging (cables not included).

SAP. code	400188811
EAN code	3595560041046
Color	Black
Luminous flux (Lm)	905
Lux (Lx)	970 at 30 cm
Energy efficiency (Lm/W)	90
Color temperature (K)	3000 / 3500 / 4000 / 5000 / 6000
CRI	83
Source lifespan (h)	50 000
Energy consumed (kWh/1000 h)	5
USB port	Yes (x 2)
Induction charger	No
Net weight (kg)	0.57

ENVIRONMENT

UNILUX focuses on sustainable development and takes concrete measures to reduce its environmental footprint and best meet the evolving expectations of its consumers.

We are notably committed to reduce our greenhouse gas emissions by 29% between 2021 and 2030 in response to the "Net Zero Carbon Emissions by 2050" challenge. Eco-design, emissions reduction and continuous improvement are at the core of our concerns.

OUR EXPERTISE

Task lighting

In the office, we are often exposed to constant artificial lighting. Poor lighting quality can lead to headaches, sleep disturbances, and decreased concentration. According to a recent study, only 34% of workspaces achieve the recommended illuminance level of 500 lux by Occupational Medicine, in accordance with DIN EN 12464-1* standard. Task lighting is frequently used to provide additional brightness when the primary lighting is insufficient.

* Standard setting the limits that workplace lighting must adhere to.

Our tips to light up your workspace :

- Position your desk near windows to benefit from natural daylight and reduce eye fatigue.
- Ensure that the lamp head is positioned at least 35 cm above the work surface.
- Place the lamp on the opposite side of the hand that holds the mouse or writes.
- Position the lamp for easy adjustment.
- Ensure that your lamp is placed to avoid glare on screens and prevent direct glare in your field of vision.

ABOUT UNILUX

Founded in 1952, UNILUX is a French company specializing in lighting and ergonomics. Over the past 25 years, UNILUX has become a benchmark in the field of lighting in France and throughout Europe. In 2000, UNILUX joined the French group HAMELIN, a European leader in stationery. The company modernizes and evolves to become a creator of ambiance and well-being.
