SUNSET

SUNSET

Illuminate your moments with the SUNSET lamp, a captivating source of light that evokes the warmth and beauty of a sunset, creating a soothing ambience in your space.

SUNSET

- **Adjustment:** thanks to its 360° rotating magnetic ball, it's easier than ever to adjust the direction of the light with SUNSET.
- **Power supply :** this lamp has a rechargeable 1800 mAh battery that promises up to 4 hours of maximum brightness, all tucked away inside its head.
- **Settings:** with its touch-sensitive ON/OFF button, you can adjust the lighting to suit your needs with a single touch, whether for light intensity (3 levels) or color temperature.
- **Color temperature variation :** adapt the color temperature for each activity, whether resting, reading or working.
- **Design :** its refined design, combining a cylindrical head with a slim pole on a round metal base, blends in perfectly with any décor.
- **Non-slip :** the non-slip glides protect your desk from scratches, so you can use it with complete peace of mind.

Warranty : 2 years
Recharging time : 2.5h
Using time : 3,5 h with max intensity and 6 h with min intensity
Max height: 35cm
Min height: 30 cm
Materials : metal / ABS plastic

Measurement in Lux on the work surface from a top view at 30 cm :

> 500 Lux

< 500 Lux

Measurement in Lux on the work surface from a side view at 30 cm :

> 500 Lux

< 500 Lux

Measurement in nanometers of the light spectrum :

- 0 No-risk
- 1 Low-risk
- 2 Moderate-risk
- 3 High-risk

SAP. code	400188807
EAN code	3595560040940
Color	Black
Luminous flux (Lm)	163
Lux (Lx)	1077 at 30 cm
Energy efficiency (Lm/W)	131
Color temperature (K)	3000 / 4000 / 6000
CRI	89
Source lifespan (h)	50 000
Energy consumed (kWh/1000 h)	2
USB port	No
Induction charger	No
Net weight (kg)	0.5

ENVIRONMENT

UNILUX focuses on sustainable development and takes concrete measures to reduce its environmental footprint and best meet the evolving expectations of its consumers.

We are notably committed to reduce our greenhouse gas emissions by 29% between 2021 and 2030 in response to the "Net Zero Carbon Emissions by 2050" challenge. Eco-design, emissions reduction and continuous improvement are at the core of our concerns.

OUR EXPERTISE

Task lighting

In the office, we are often exposed to constant artificial lighting. Poor lighting quality can lead to headaches, sleep disturbances, and decreased concentration. According to a recent study, only 34% of workspaces achieve the recommended illuminance level of 500 lux by Occupational Medicine, in accordance with DIN EN 12464-1* standard. Task lighting is frequently used to provide additional brightness when the primary lighting is insufficient.

* Standard setting the limits that workplace lighting must adhere to.

Our tips to light up your workspace :

- Position your desk near windows to benefit from natural daylight and reduce eye fatigue.
- Ensure that the lamp head is positioned at least 35 cm above the work surface.
- Place the lamp on the opposite side of the hand that holds the mouse or writes.
- Position the lamp for easy adjustment.
- Ensure that your lamp is placed to avoid glare on screens and prevent direct glare in your field of vision.

ABOUT UNILUX

Founded in 1952, UNILUX is a French company specializing in lighting and ergonomics. Over the past 25 years, UNILUX has become a benchmark in the field of lighting in France and throughout Europe. In 2000, UNILUX joined the French group HAMELIN, a European leader in stationery. The company modernizes and evolves to become a creator of ambiance and well-being.
