ENVIRONMENT

UNILUX focuses on sustainable development and takes concrete measures to reduce its environmental footprint and best meet the evolving expectations of its consumers.

We are notably committed to reduce our greenhouse gas emissions by 29% between 2021 and 2030 in response to the "Net Zero Carbon Emissions by 2050" challenge. Eco-design, emissions reduction, and continuous improvement are at the core of our concerns.

OUR EXPERTISE

A clock is an essential accessory that seamlessly integrates into any workspace: individual desks, open spaces, meeting rooms, reception halls, etc.

By enabling precise time management, a clock contributes to improving productivity by helping individuals meet deadlines and allocate their time effectively to various tasks. A clock fosters organization, productivity, and overall well-being. It is a practical and multifunctional tool in our daily lives.

For optimal visibility from a distance, our clocks feature:

- Good contrast between the dial background and the color of the numbers.
- An optimal height of the numbers (approximately 3 cm minimum), in Arabic characters.
