CIRCLE

# CIRCLE

- **Design:** the absence of glass gives the clock a modern and minimalist design, while preserving its functionality. CIRCLE will look great in large interiors such as reception halls.
- **Readability:** with a diameter of 42 cm, this clock offers optimum readability up to 30 m.
- **Ergonomic:** its silent system creates a zen atmosphere, ideal for concentrating and feeling good.
- **Accuracy:** the quartz system ensures exceptional reliability, with a deviation of around one second over six years of functioning.
- **Durable:** made from bamboo, which is naturally strong and resistant.
- **Complementarity:** CIRCLE completes our BALIWEI range.

# ENVIRONMENT

---

UNILUX focuses on sustainable development and takes concrete measures to reduce its environmental footprint and best meet the evolving expectations of its consumers.

We are notably committed to reduce our greenhouse gas emissions by 29% between 2021 and 2030 in response to the "Net Zero Carbon Emissions by 2050" challenge. Eco-design, emissions reduction, and continuous improvement are at the core of our concerns.

# OUR EXPERTISE

---

A clock is an essential accessory that seamlessly integrates into any workspace: individual desks, open spaces, meeting rooms, reception halls, etc.

By enabling precise time management, a clock contributes to improving productivity by helping individuals meet deadlines and allocate their time effectively to various tasks. A clock fosters organization, productivity, and overall well-being. It is a practical and multifunctional tool in our daily lives.

For optimal visibility from a distance, our clocks feature:

- Good contrast between the dial background and the color of the numbers.
- An optimal height of the numbers (approximately 3 cm minimum), in Arabic characters.
